The company continued to grow after adding more games, more ways to interact with other players, and updates to their backend engine. In 2008, the company launched an official website for users to store their games on the website's database and manage their avatar. In 2009, they also launched a virtual currency system called "Robux". These features allowed them to attract a large amount of players to the website at an early stage.

Roblox can be a great way to find new friends because it has a lot of free robux codes which you can use for free games. This site really keeps you engaged since there are so many different things that you will want to explore in the virtual world. You will never get bored here because there are so many different games available here for you to play. There are many free robux codes which you will need in order to play these games since they are not actually free if you do not have them inside your account already.

This should be more than enough for anyone out there to use if they need some methods for getting free robux on roblox and without having to spend any money. I would definitely recommend using this, as this will be more than enough for you to start enjoying getting free robux on roblox right away!

On October 10, 2018, Roblox announced that they will be selling 49% of their ownership stake to Tencent Holdings for \$100 million. The transaction is subject to approval by the Roblox board of directors and Tencent before it goes into effect. The acquisition is part of a strategy by RoLabX to become a global gaming powerhouse with operations in China. The deal also confirmed that Tencent will continue to operate as the chief customer and user experience partner for ROBLOX.

On April 27, 2018, ROBLOX released its own virtual reality headset on their website known as the "ROBLOX Visor." The headset is created in collaboration with Carl Zeiss AG. The headset has a retail cost of \$99 USD and comes with an HD screen capable of playing 2D and 3D content. The headset was also officially launched at E3 2018.
