On July 1st 2018 CoinMaster Coins And Curses Adventure went out of Beta Testing for iOS and Android. Coin Master won an honorable mention in the 2015 Indie Royale Awards for "Best Card-Based Game". It was also featured in the December 2016 edition of PC Gamer.",

In 2011 Moon Active released Coin Master for iOS and Android as a free download. This version of the game is completely free and removes all in-game advertisements. However, it now requires a \$0.99 "micro transaction" in order to advance to the next level.",

Fun, but.. by Aqueela on 2014/12/14 12:46 First of all, I love the concept of this game and, as an avid puzzle solver, I enjoyed completing the puzzles needed for each level. The game has some great features such as timed puzzles, word hints and more. However, I do have a few criticisms. First of all, the ads are sooo annoying! I've downloaded over 10 games in the past 2 weeks and every one of them had to be deleted because of the ads. Secondly, I was kind of annoyed with having 2 sets of tiles in a level then receiving new tiles from the previous board when you complete it. Finally, the timed levels were not that challenging and could have been better developed (so that you could make mistakes without losing time).",

In August 2017 Moon Active announced that they had signed a deal to create a "Coin Master" themed game titled "Poke Monsters World Tour". The game is also based on the successful Pokemon franchise and was designed by Moon Active in collaboration with Nintendo, The Pokemon Company and their development partner Niantic. The game is expected to be released for Android and iOS mobile devices in 2018.",

In August 2016 Moon Active announced that they had signed an agreement with American Apparel to create a mobile game based on their popular clothing brand, Beanie Babies. The game is titled "Beanie Babies World Tour" and will be released in 2018. The game was reported to be available for the Apple App Store in February 2018.",
