Phenomenal for five years and more by Kiki202102019 on 2021/09/22 02:35 I've had this game for 5 years and it hasn't let me down once. The only thing is I don't like how it got too big and how you have to do so many things to be able to open the cool stuff like getting more land, etc. It's really hard to get diamonds but when you do, it's okay. But you can definitely win them by watching videos and doing other things. I love this game so much.",

Loving it by Mrs\_Dew101 on 2021/07/22 05:18 I wish that I had this game when I was in middle school and they used to make you wait to play all day instead of letting you play the game that you have on your phone. So this game has helped me a lot and I am loving it! And the diamonds are super useful and can help with building up my bakery. The only thing is that sometimes the game doesn't show me what I am supposed to be doing. I try to click a diamond and nothing happens. And then when I go on the internet and check my bakery it shows without me even buying anything! It has happened with so many things like clicking something to take a screenshot and then when I open the app it doesn't take anything of what you should have clicked but instead just shows what you already have on your phone! So please fix that so more people can enjoy this game. Thank you!",

"Coins & Curses Adventures" began development in March 2021 when it was announced that the original game, "Coins & Curses", would be receiving a sequel. For this project United Pixelworkers partnered with developer ZenFantasia and have been working together since then to create a new game engine specifically for this title. A plot synopsis was released in April 2021 detailing the game's setting as a fantasy world similar to that of "Coins & Curses". In March 2021 the official title and date of release for "Coins & Curses Adventures" was announced alongside a promotional video of gameplay.",

On January 10th, 2021 United Pixelworkers released a free "Coin Master" themed virtual pinball table through Pinball Arcade game for mobile devices, IOS and Android platforms. This pinball table has over 100 levels of play including three unique modes that were never included in the original game due to time constraints The full version of the table was available for purchase to those who had previously purchased the original CoinMaster app.",

This is a good game by miamaraci21 on 2021/03/29 04:20 I love this game. It's a great way to pass time and relax while you're at it. A very good app. I also love the fact that it has no ads, it's really really helpful if you have a lot of other apps open that have ads. It's great for all ages, even my young brother loves this game and actually tells me he wants to play every time I turn on my phone.",
