There are a few ways to get free robux in Roblox. 1.) Game purchases - Unlike other games, there is no way to get free robux through game purchases. 2.) Trading with friends - One of the easiest and quickest ways to get free robux is by trading with your friends. However, this can be difficult if you do not know anyone on Roblox or if they are not online. 3.) Sell creations on the site - This will give you a certain amount of money every day for free which can help you generate more gameplay time and use more items in-game, but if it's too hard then you might want to try selling your creations on the website first before trying this method

ROBLOX runs a no-sell policy that allows for players to earn "robustokens" or Robux. These tokens can be used to both purchase games, games from other users, and in-game items. It also serves as a way to gain currency for in-game purchases such as buying more slots, which helps players advance faster in the game.

This is not an open world game, each world contains its own mini-map that shows the player where he or she can go and where they cannot go. No one will know you're there if you stay hidden. This means that if you don't want someone to find something in your inventory, you have a location to hide it.

8. When people post videos on YT that are inappropriate, the video should be removed along with their account because it should not be encouraged. 9. Due to the fact that developers have to make games in order to get revenue from Roblox, they should not be limited in game size and filesize. 10. There needs to be a way for Robloxian's to give feedback regarding improvements as well as updates and bugs that they find within the game.

Roblox has been used by various organizations for training a variety of topics. The United States Army uses Roblox to train teenage soldiers that have joined their Cyber Patriot Program. The team's mission is to create, maintain, and operate constructive team-based activities online via the game "Roblox". Outside of that, Roblox has been used in courses for mathematics, English, science, and history.
