On May 9th, 2015 ROBLOX changed their logo again which became more square and flat then their old one. Their previous version was rounded more than their current version. On November 5th, 2016, ROBLOX released yet another logo which is now a modified version of the 2010 logo. The new logo has a more pixelated layout and a different shade of blue.

Here is the link to MyRoblox. You can also find the very informative "Reddit Facts" page on the Roblox Help site as well, although it is no longer up-to-date. EDIT: This also applies to other games like Robokill, Minecraft and Terraria. Just remember where you find out important information. ;) Last edited by alyssa2789; 05-31-2019 at 05:44 AM .

Choose The Amount Of Robux You Want To Generate. Click On "Generate". Now Just Wait For A Few Minutes While The Generator Does Its Job! When The Process Is Finally Completed, You Should Have A Lot Of Robux And You Can Check It In Your Account! Enjoy Your Free Robux! ^ \_ ^

This method is very easy to use, and it also comes with a novice-friendly setup as well. In my opinion, this is one of the best ways anyone can use in order to get free robux on roblox in a very short amount of time without spending any money.

On October 4th, 2018, Roblox introduced a new game mode called "Elevate", which had players build futuristic skyscrapers in the sky. Players were able to earn money by selling their custom skyscrapers for Robux. It was soon discovered that many of these buildings were copies from the game "Survival Island", prompting ROBLOX to ban users who had copied these buildings.[79]
