Roblox is a wonderful platform for any developer to start learning how to code in the real world. Since it's relatively easy to use, it will allow you to create games and apps that will also be easy to use. All you have to do is choose your theme, write a few lines of code and test it out. If people like your app, they will play it and provide you with their feedback so that you can improve your project. Roblox has many features which include multiplayer servers, chat rooms, game rooms and the ability for developers to sell their games or items to other players if they wish. If you are interested in trying out programming, then Roblox would be a great place to start. You will not only have fun but you will learn many things. And who knows, one day your game could be the next hottest thing on the market!

In 2012, ROBLOX launched a new feature called Builders Club which allows players to create their own games. Builders Club costs 10 ROBUX to join and provides a variety of benefits such as allowing players to create games, more options for game creation including scripting (Lua, in ROBLOX's case), increased visibility, can use the "Builders Club" tag in places like their profile and group titles, ability to add new hats to the catalog, t-shirt sales in online store.

ROBLOX's official blog (started on November 19th, 2011) and LiveJournal were used to communicate with the community prior to the creation of the forums. The blog is still active but has been replaced by a Forum that is more conversational tone. The LiveJournal was shut down in October 2016, making ROBLOX one of few third-party sites without one.[12] In January 2017, ROBLOX launched their YouTube channel. The channel currently has about 1 minute and 38 seconds of uploads.

In the ROBLOX Studio game, you can publish a game that contains the Free Builder's Club item and make it for sale. You will receive 50% of the profit from every sale (however, if someone buys your item and then buys it again later on with their own Robux or Builder's Club, you will not receive any more money).
