Players can review other players' stats in the "Review Player" feature. The player reviewed must have interacted with the player reviewing at least once since the review request was made. A punishment system is also available for players who do not act in accordance with Roblox's terms of service or community guidelines.

The more popular games have prices ranging from \$10-\$25 and some people think that it is way too expensive to pay for a game, especially if it doesn't require any physical hardware or extra equipment. Some also specify that when they see a custom hat being sold for \$25 and think it's ridiculous because hats aren't even digital assets and are an accessory.

One great option is to use your own money to buy robux. This may not seem like an appealing idea at first, but it can provide you with a lot of benefits that are easy to obtain. If you have extra money on your hands, then you should definitely consider investing in robux. Once you have collected enough virtual currency, stop using it and wait for the value of robux to increase over time. With the amount of time that passes by each day, you will see a good return on investment within a few months.

Spamming: Roblox has been criticized for its extreme amount of spam. Some examples include the "Free Robux" scam, where people are tricked into giving their username and password to a third party so that they can steal their Robux, and the "You Have Been Tricked" scam, which consists of the offender saying something along the lines of "DON'T TRUST. HE IS TROLLING ME."

Rated 5 out of 5 by Anonymous from All time favorite Roblox is the best game ever! I've been playing it since 2008 and have made hundreds of friends I still talk to today. It always has new updates, and the staff is pretty cool. I definitely recommend this game to all ages!
