In March 2018, United Pixelworkers announced that in addition to adding new features and content to "Coins & Curses 2" such as a higher level cap and additional cards, they were also working on a PC version of the game titled "Coins & Curses Adventure". This title will be an "RPG style" adventure game based around a similar theme.",

Coin Master: Space Invaders was released on January 2, 2016 for iOS. It was later ported onto the Nintendo 3DS in 2016 and released on that platform under the title "Pokémon Link: Battle!". The game is included as part of a bundle with other "Pokémon" games.",

On August 8th, 2017 United Pixelworkers announced that they would be launching a Kickstarter campaign to raise funds for additional art assets and animations for the game. On September 15th, 2017 United Pixelworkers released their Kickstarter campaign page and began accepting pledges to help support development of this title. The goal is to raise \$50,000 USD by November 5th, 2017. The campaign was funded by over \$70,000 USD on November 5th, 2017.",

The game was released on September 13th, 2018 after more than three years in development. The mobile version has been downloaded over 1 million times since its initial release and the PC versions were downloaded over a million times. Due to the lengthy development cycle of this title and the popularity of the original "Coins & Curses" game United Pixelworkers is planning to release a sequel to this title before April 2019.",

"This is one of my favorite games because of the different levels and how easily it takes all my free time. It would be cool if there were different games you could play with friends online and offline. Also, I would be better off if you could actually get coins without spending your real money on them through in-app purchases or by downloading another game that requires real money."",
