The ROBLOX site and forum have received a lot of criticism from its users regarding many issues, such as: Administrators are able to delete user-created games without warning or notice. Users can't defend themselves since the only way they could do so is by contacting an administrator or lawyer. Administrators can ban users for doing anything they don't like or don't agree with. However, administrators have been known to ban users for no reason at all, usually if the user is a moderator or an insignificant/low-level user.

In 2011, ROBLOX explored new territory by releasing a single player/non-multiplayer title called 'Toy Defense'. Other notable games released around this time were "Dragon Knights", "Ancient Amulet", and the new version of "Capture the Flag" titled 'Capture the Flag 2'. On February 24, 2012 ROBLOX released another downloadable game titled "Rage Parking Simulator 2012". The success of Rage Parking Simulator 2012 (Rage for short) led to the creation of more downloadable games including, but not limited to: "Hoverboard Racing", "Build to Survive", and "Mech Warfare". On March 15, 2015 ROBLOX ported Rage to mobile devices on Google Play.

On September 2nd 2018, ROBLOX announced that they were banning a group of players who hacked the game "Roblox Crates". This was done because hackers added fake scripts into some games. Roblox had removed all the scripts from those games which resulted in the ROBLOX network crashing.[84]

On September 10th, 2019, Roblox introduced a new 'Creative' game mode. It is an improved version of the current 'Build' mode where there are more blocks to build with and the ability to save your progress at any time.[105]

Users actually generally hate ads on ROBLOX, but they do them anyway for their own benefit and gain. Ads are actually a great way of generating revenue for ROBLOX, mostly because they only show up when you have enough money to be annoyed with the ads.
