There are many different types of multiplayer games that you can play on Minecraft. Some types of servers are: Survival Servers: In Survival Servers, you have to survive on the land for as long as possible without the knowledge of other players in the world. There are things called "npc" which stands for Non Playable Characters. These characters give out challenges and objectives that will give you rewards and help progress you through the game, but there is one huge catch... You are visible to other players if you make a noise or break certain blocks. If you are the first person at the location upon joining then it will be yours. If another player sees that first person breaking fences and trees and decides they want to claim ownership, they can kill them and then take ownership of that location. In a Survival Server, you will be given an item called "Permission Node" which allows you to see where other players are on the server. These items are very rare and can only be obtained by doing some specific tasks in game such as going through long distances or through many different biomes, etc. Creative Servers: In Creative Servers, players can build anything they want with real-world objects inside the game. There aren't any rules, so you can build anything that your imagination can think of. You can build houses, villages, and even dungeons for people to explore; and if you ever get bored of your creation you can destroy it and start over! Mini Game Servers: These servers are focused on playing mini games in order to win rewards. In a mini game server, there will usually be an objective that the players have to reach in order to win a prize. There are many different types of mini games: Sky Block Servers: Players have to survive on floating islands.",

2021-05-02 Note: In this version of Minecraft, we still allow players to release modified versions of the game. However, servers must use the Minecraft branding for server names and server skins.",

These kinds of mods are used to fix bugs and glitches that occur in Minecraft. They will try their hardest to get rid of all of the issues that are plaguing your game world. They may not actually change anything else in the game but they can make your experience a lot better. Better UI Mod: This kind of mod changes the user interface to make it easier to use. They will change the way you move, build, and craft items. This is a very user-interactive kind of mod and can be used for a variety of different things.",
