Roblox has been criticized for allowing children to have weapons in their games and for hosting violent games with weapons such as guns and knives. Rated 5 out of 5 by Anonymous from Best thing to do with friends Who doesn't like playing video games with friends or family? I think everybody would love it because they are free, fun and interactive with each other. It really is something you can try with all your friends right on your computer! :D My brother used to hate me playing Roblox but he eventually got used to it.
