This section will provide an overview for the company's future prospects. This list is by no means complete and is subject to change. Roblox is ranked as the 5th biggest gaming website in the world. It has over 144 million monthly unique visitors (MAU), making it number 1 in total and within North America, Australia and New Zealand. The games on ROBLOX are free to play, while microtransactions can be purchased using Robux, which are acquired by playing the games or through a transaction system called "Builders Club". Since 2016, Roblox has been making more and more money every year and is currently valued at over \$1 billion. Its headquarters are located in San Mateo, CA.

Hacking Roblox is not only limited to hacking a person's account by using someone else's information. There are also methods of hacking Roblox accounts that do not involve stealing another person's information. One of the more simple ways of hacking Roblox accounts is through DDoS attacks. An attacker uses a botnet and sends out requests for data on the target's server, causing it to become overwhelmed and crash. This can be done to any website, including Roblox.

Downfall: Roblox's popularity has fallen since the launch of Minecraft. An older version of Roblox, Blocks, Inc. was sold to ROBLOX on April 1, 2005 for \$3.5 million.[68] Since then, Roblox has not been able to compete with other similar game sites like Minecraft and World of Warcraft in terms of revenue and popularity. However, they are a profitable company with many projects in development.

ROBLOX makes it easy for users to participate in local multiplayer games. For example, a user can connect three iPads together and play the game Invader ZIM on them. There are also games where players connect their computers through WiFi and play online games with one another, such as Minecraft. You can also use RoomBuddy to track where your room members are located, so you don't have to worry about them leaving your house unsupervised.

On December 5, 2018, ROBLOX released their first Steam game "ROBLOX On Ice", developed by user SamoDaCar. In early 2017, ROBLOX released a YouTube channel. The channel features animated shorts of the game "Abobo's Big Adventure", a reboot of the popular war series "Abobo's Big Adventure". In July 2017, ROBLOX released its second YouTube channel called Roblox Top Model. It came with a new show and it was announced that they were coming out with more shows in the future. This channel features many shows, including Talent Time, Celebrity Catwalk, Dancing With The Star, The Edge Of Glory and more.
