I am writing about Roblox today because I am fairly new to the game and am trying to get used to it. I have had Roblox for about 6 months now, and I am sort of over it. However, I really love the game. It is a creative game where you can design an avatar and have a house to decorate. I just wanted to write this because I know there are a lot of people who have been searching for my story on Roblox. Everyone has their own opinions on the game, but as soon as I found out that my parents were coming to visit me on Friday, I found out that they were going to be seeing where I spend most of my time playing games online: namely <https://www.roblox.com/>. I was very and extremely shocked that I hadn't clicked on the site before this - it means I really could have been playing the game for a lot longer. A lot of my friends have played this game and now I'm starting to understand why they say it's such an addicting game! I am writing about Roblox today because I am fairly new to the game and am trying to get used to it.

ROBLOX has also been criticised for its lack of support for users who are victims of scams and other forms of theft. Some samples include: A user by the name of EthanSteele has recently had his full game, "The Quest" stolen by someone else and renamed "Game Start". He made an appeal to ROBLOX's administrators on Reddit asking that he be given back his prototype so that he could resume development on it but they banned him and closed his case. Another example was the theft of a user's game, "The Polaroid Project", by another user who put it on a free-to-play model for the purpose of making money.

At the end of a game, players can view and edit their stats by using the "My Stats" link. This section of Roblox allows players to view data such as number of games played, experience points, badges earned and a few others. Players can only see this section if they have played at least one game online that day.

Blocks are awarded when the user is rewarded items from certain games, such as VIP and daily bonus. They can be exchanged for ROBUX. The amount of ROBUX gained from converting blocks depends on how much you have, but the minimum is 10 ROBUX per block; for example, if you have 300 blocks, you will receive 3,000 ROBUX (300 x 10). In this way, players can use blocks to obtain ROBUX without having to purchase a Builder's Club subscription.

In 2014, ROBLOX launched its own VR platform called ROBLOX Viewer that was aimed at VR headset owners. Users can create games on the platform and play or interact with other users in VR. ROBLOX Viewer is only available for a limited number of devices, all of which are compatible with the Oculus Rift. In late 2016, ROBLOX announced that it would be releasing an app to the Gear VR store, which features over 20 games from the website.
