A game called "The Mad Murderer" has been criticized by Roblox users as being violent. The game allows players to kill other characters by using a knife or a gun. It was reported that German and French users discovered the game while they were in Las Vegas for a conference. In response, Roblox changed the coding of this game so that the users can only use the knife when playing the game, instead of using guns as well. Players who used guns on other players would be banned from Roblox. Roblox stated that they were "going to continue to refine the game".

There are also individuals who try to steal the identity of other users by scamming them through fake free robux videos. These individuals may use other sources in order to get hold of the scripts of these software and modify it in such a way that they get a slice of the profit once it is used by other people.

On March 18, 2017, ROBLOX introduced Virtual Pre-Orders which allow users to purchase merchandise months before it is released for general purchases. These items include apparel and accessories for your avatar. On May 7, 2017 ROBLOX announced the launch of a new virtual item known as the Game Ticket which allows players to purchase one game a month for 6 months (at half price). Players must be signed in and have a valid payment method in order to access the store.

There are many other sites out there that also allow you get free robux and tix in your account. These sites will definitely change from time to time, but they all share a few things in common. They all give you promo codes for different games and features which have already been unlocked by their accounts. They will just give these codes out to other players who want them through the mail or via email.

On April 6, 2015, the company launched a virtual reality project called "ROBLOX VR". It allows users to play in the same virtual world and see each other's avatars. On March 22, 2017 ROBLOX released a new version of its app called Ava (ROBLOX's Mobile Application). See above section for more details.
