- The fact that there are so many different games to play, it's hard to keep up with all of them. There is such a variety of games which leads to me getting easily confused on what game I was previously playing and where everything was set up. That's why I am always working on the same game over and over again.

ROBLOX has an official YouTube channel. The channel shows animated shorts for the popular game "Abobo's Big Adventure". The videos are created by the user SamoDaCar as part of a deal with ROBLOX.[44] The videos are often posted by other YouTube channels that show other parts of ROBLOX games, such as "Meet Youtuber" and "ROBLOX Adventures", where SamoDaCar comments on his channel. There's also a show called "ROBLOX Top Model", which is a spin-off about girls who compete to be the next top model. The show is hosted by user and famous ROBLOX player Xmithie. There are 6 seasons in all, with a total of 35 episodes.[45]

The next games that would allow users to invite others into their worlds were Habbo Hotel where they had their FriendBook and later on also added a FriendChat system in December of 2011, Club Penguin where you could invite fellow penguins into your world, and Mario8 since 2014.

ROBLOX is the first game to allow players to create actual games that you can play online by using either a physical controller or just your keyboard. [124] The next game that would allow users to do this was Parkour Paradise on August 16th of 2012. [125]

Some users have also claimed that ROBLOX never responds to or bans reported users. This is because there are many cases where both inappropriate content spreads rapidly through the site, but ROBLOX does nothing about it because they do not want to ban accounts for minor rule violations like swearing, nudity or spamming in chat.

Please make a map creator way better than the one in game just because it's not as organized. There should be more detail to every single item. Make an option that if you move your mouse over an item it will tell you what that is and how to use it and everything else about the item.
