If you want more mods like the Steve mod, you can visit the website of this mod author and download any mods that have been created by him. The site has been around for a while, so it is safe to download any mods that he has created. I have never downloaded any of his mods before but I would really like to check them out because they seem really interesting to me. So far, the only Steve mod I have seen is an awesome character mod (which allows you to make your own Steve character in Minecraft).",
