"Coins & Curses Adventures" is a spin-off game based upon the popular mobile game, "Coin Master". It is currently in development and will be released in 2018 on multiple platforms. The game will be an "RPG style" adventure game set in a fantasy world similar to the "Coin Master" universe, however it will not be based entirely around coin collecting and instead feature many new gameplay mechanics.",

Good but... by minecraftgirl_1234 on 2018/02/18 22:32 This game is great i love it but there are WAYYYY to many ads and the coins aren't cheap at all. I don't mind watching ads for getting coins and what not but I don't do it all the time like you guys want me to. I only have a small allowance which means a lot of my money goes to starving myself on this game. And if you get an ad like once every hour just be thankful for what you get because 90% of phone apps are like that or even worse. Anyways it is a great game and I love it but there are some glitches. Like when I'm clearing the road, I have to tap on the broom to be able to sweep and keep tapping until it unlocks which causes me to lose a lot of lives. Also you could fix one of the new updates where coins and gems and tickets go away sometimes. Sometimes they don't even go away if you got them from one of the game features. And those features are part of getting coins and gems. What about lucky tickets? And if you have this problem too then just tap until it unlocks then get off for like 5 minutes or so then re-open the game. That usually fixes it. Also please fix the issue with the ticket counter. I don't know what it is but I've been watching a lot of videos and forums and they say that if your game is running slow then you should get rid of the "Greatest Hits" feature but you don't get any more coins or like any more credit for using that feature. It's just a wasted ability.",

Moon Active's "Coin Master" series has been translated into different languages due to its open source nature. Coin Master: Space Invaders has received a tiered rating of 4.8 out of 5 stars (out of 7 votes), with a user review stating that "Coin Master: Space Invaders is a great game, well worth the full price" while describing it as "The original coin master (with) a few twists". After releasing Coin Master in 2004, Moon Active has continued to release improved versions in different languages and formats.",

In March 2018 the developers of Coin Master announced plans to expand upon "Coin Master" and other games they had previously worked on. The goal is to develop a wide range of games, focusing on Card-based RPGs, that will be released across a variety of platforms in both Android and iOS formats. They also confirm that they are working on "Coin Master 3", which will be based on the IP for Disney's upcoming animated film "Wreck it Ralph 2".",

Fun but laggy by AaliyahHuggs on 2018/03/09 21:50 To start the most annoying thing in this game is how slow everything loads and how long you have to wait for everything to come! The game keeps freezing and lagging and i really dislike that. It's so frustrating when it lags and you can't do anything. It makes me delete the app. Also the amount of coins you get from spinning is way too low! It takes a lot of time just to get that much! Overall it's a fun game but it needs some fix ups. ☐☐♀☐☐♀☐",
