ROBLOX has also been criticised for its lack of support for users who are victims of scams and other forms of theft. Some samples include: A user by the name of EthanSteele has recently had his full game, "The Quest" stolen by someone else and renamed "Game Start". He made an appeal to ROBLOX's administrators on Reddit asking that he be given back his prototype so that he could resume development on it but they banned him and closed his case. Another example was the theft of a user's game, "The Polaroid Project", by another user who put it on a free-to-play model for the purpose of making money.

On February 23, 2012, ROBLOX revealed that they had hired 241 developers to work for the company. On March 28, 2013, ROBLOX revealed that they had hired an additional 130 developers to work for the company. On September 3, 2014, ROBLOX announced that they had hired over 800 employees in total. ROBLOX held a previously-unannounced hiring day on June 23, 2012 where they hired over 50 employees. At the end of 2012, ROBLOX announced that the company was "growing faster than ever". In November 2011, the website oDesk.com had more than 100 "top experts" from ROBLOX who were ready to provide assistance and tips to anyone who needed them. The site has since been shut down due to their repetitive scamming of people on oDesk.com using ROBLOX as a platform for money making. On March 28, 2013, ROBLOX announced that they had created a new partnership with GameSys on top of their cooperation with Hinton's Online Group Inc.

I just wanted to let the readers know that Roblox is not a bad thing for children to play. It teaches them a lot of skills that will help them in the future. It teaches them how to be helpful, creative, and patient. I am writing about Roblox today because I am fairly new to the game and am trying to get used to it. I have had Roblox for about 6 months now, and I am sort of over it. However, I really love the game. It is a creative game where you can design an avatar and have a house to decorate. I just wanted to write this because I know there are a lot of people who have been searching for my story on Roblox. Everyone has their own opinions on the game, but as soon as I found out that my parents were coming to visit me on Friday, I found out that they were going to be seeing where I spend most of my time playing games online: namely <https://www.roblox.com/>. I was very and extremely shocked that I hadn't clicked on the site before this - it means I really could have been playing the game for a lot longer. A lot of my friends have played this game and now I'm starting to understand why they say it's such an addicting game! I am writing about Roblox today because I am fairly new to the game and am trying to get used to it.

I know I made this review long but please read every word because I put a lot of effort into making this review good and hopefully it can help someone. Thank you for reading and keep in mind that this is not my full opinion on Roblox it is just a suggestion to help improve the game for everyone who plays.

All you need to do is to follow the instructions that are provided for you. This should be more than enough for anyone out there to get started with! I would definitely recommend using this method if you are a beginner!
