"Coin Master App" is an iOS and Android freemium mobile application released in 2016 by United Pixelworkers LLC. The game centers around the player acquiring random Minecraft-themed cards through an in-game card pack purchased through real-world money. The game has a 1 in 4,000 chance of appearing on a player's mobile device. The "Coin Master" Twitter account posts new activity and awards every couple of minutes.",

Creative and challenging by Houshk on 2014/09/21 19:18 This game is challenging yet fun at the same time. The levels are creative and well designed. To me they are not frustrating as some other games that don't really go anywhere or have too many different options to choose from. I love this game a lot!",

The first 1000 people who pre-ordered the original "Coins & Curses" from United Pixelworkers received special recognition in-game within "Coins & Curses 2". Coins & Curses 2 is currently available on mobile applications and can be played directly in any compatible browser or downloaded through an app for PC/Mac devices and tablets. The game is slated for release on Steam as well as the upcoming Nintendo Switch console sometime in 2019.",

You are able to unlock new levels by reaching certain levels of XP (experience points), with these levels being effectively allowing you to bank more fish (which cost 1 coin each), and spinning more wheels at one time. There are also achievements which can be unlocked. The achievements can range from getting a certain number of fish to completing a mini game with a certain amount of coins in the time limit. The achievement badges you earn contribute to your level, which is displayed next to your name and player ID on the stats page, and contributes 20 XP per badge. You also receive some XP each time you bank fish or spin a wheel. You are awarded coins based on how many XP you have gained throughout playing the game which can vary from 2-10 gold coins per 100XP depending on how much XP you gained that day.",

Players earn coins from every completed quest type and can exchange their coins for real monetary value at the "Coin Master" website. There are also certain booster packs that can be purchased for real money which contain random rare cards that can be used in quest matches.",
