On September 22nd, 2012, a head developer from the website Games Done Quick sent a cease and desist letter to Roblox because they were using code that he had created without permission. This is one of the few situations where ROBLOX has deleted all of its assets to avoid legal issues.

To make money on Roblox is really hard for most gamers, because they need an account in order to sign up for an offer or do a daily ad. Also most offers only require 10 robux, which does not look like that much at all. The 100Robux app has made it easier to make money on Roblox. They may not give you 100 robux at once, but when you have 500 robux in game, another user may ask for 120 robux for an account or a shirt. That would be 60 robux profit. This lets me and other players make money off their skills, and in return they earn virtual currency which they can use to buy premium features or clothing for their character in the game that they are playing.

On September 8, 2018, ROBLOX released an update that added a "New Games" section to its website. This section is separated into sub-categories for ease-of-navigation and new content coming soon. This section also functions as a "curated library" with all games listed in a searchable manner (e.g., "roblox" will bring up any game about ROBLOX, but "roblox experiment" won't).

The "ROBLOX" logo was created by the company's CEO and founder David Baszucki in 1996, when he was originally designing the website's layout before it was launched. He designed the logo to look similar to the word "engine" on a train, as he envisioned ROBLOX to be a playground powered by an online community where users could create virtual worlds. The first iteration of the logo consisted of an orange square that displayed three green horizontal stripes, each separated by a white space. The stripes were arranged in a way that would yield nine pixels when all three were equally spaced. A basic version of the logo was used until 2003.

Not only that, but since "Robloxian life" lasts so long, many players have to pay to charge their battery or buy power packs and if players don't have enough money to spend, they can lose interest.
