The conference was originally held at the California Academy of Sciences in San Francisco but after two years, it was moved to the Fort Mason Center in 2015 and 2016. Since 2017, it has been held at The Theater Center in San Francisco where thousands of people attended every year since 2016.

If you are a gamer and want to get free robux, the best thing to do is complete surveys. It's pretty simple – all you have to do is answer a few questions about your gaming habits. For every survey answer, you'll be given points. You can then redeem those points for free robux!

On July 31st, 2019 ROBLOX released another version update for Studio 2.1 (known as "Studio 2.1.1") which fixed a lot of major glitches and bugs that were present in previous versions of Studio and also included a better way for players to customize their own physics settings.

On September 5th 2018, ROBLOX targeted a large amount of its users by adding in-game ads on most games for free. Players would be given an ad in the bottom right corner of their screen with the option of clicking it to see more games. This is very similar to how Facebook and Google ads work, however, the Roblox ads cannot be clicked on and are only meant as a distraction. Users would need to leave the game before seeing the ad again or wait until they lose interest in playing any other game. The new system was rolled out in large parts making users question ROBLOX's integrity as a company.

On December 10, 2018, the "Free robux" cards system was removed by ROBLOX. Many players believe that this was done due to scanning of codes and due to players complaining about receiving cards they didn't want.
