Rated 4 out of 5 by Anonymous from I love this game it is fun but it isn't free because there are so many things to buy. They charge money but it's worth it because there are a lot of things to buy. Rated 4 out of 5 by Anonymous from It's great! I think ROBLOX is the best because it gives you a chance to do things you've always wanted to do like: create pizza, save people, and much more. It gives you a fun time with your friends and family. I'm sure you will love this game.

ROBLOX runs a no-sell policy that allows for players to earn "robustokens" or Robux. These tokens can be used to both purchase games, games from other users, and in-game items. It also serves as a way to gain currency for in-game purchases such as buying more slots, which helps players advance faster in the game.

The game has a number of features that help users to create their own games. Users can mine for materials in the sandbox and use them in their own games, or they can buy materials from other users in the Marketplace. The menu includes a number of categories, such as Buildings, Boxes, Characters and Game Objects. Users can tick these categories and use the menu to search for whatever they need.

For me, I think that one of the most important skills that I have developed is patience. In Roblox I am required to be patient with my friends, because most likely they will not be online when I want to play with them. Posers are also another big part of the game where people pretend that they are someone else but if you tell them they can't do it then they will stop being so fake and start being their true selves again.

In February 2014, the popular user "meepcity" was hacked by unknown users who had created a character as an avatar for the hacker group "Lizard Squad". The avatar's name was changed to "pedobear", an image widely associated with child pornography. Several other users' accounts were also compromised by the group's activities.
