Buyer's Beware by Meelzamax on 2018/11/07 07:26 This game starts out amazing, and if you spend money or wait months to progress. But the developers are greedy, want you to spend a lot of your time in the game or spend actual cash. The problem is both I think. One day I was playing it was a normal day and out of nowhere my kingdom got deleted for no reason at all. I emailed them and they said that someone else had reported someone with my name, but there was only one other person with my name on this planet playing this game. Now most people would say that I could just make another account... good luck. The process takes like a week and you have to start over from square one. Once you do, if you're at an advanced level, the game is set up so that you will no longer play it...in other words they are banning you because people will eventually find a way to cheat as there is no spam filter and they delete any account with more than one person on it. Either spend lots of cash or just don't get into this game!",

Good but... by minecraftgirl\_1234 on 2018/02/18 22:32 This game is great i love it but there are WAYYYY to many ads and the coins aren't cheap at all. I don't mind watching ads for getting coins and what not but I don't do it all the time like you guys want me to. I only have a small allowance which means a lot of my money goes to starving myself on this game. And if you get an ad like once every hour just be thankful for what you get because 90% of phone apps are like that or even worse. Anyways it is a great game and I love it but there are some glitches. Like when I'm clearing the road, I have to tap on the broom to be able to sweep and keep tapping until it unlocks which causes me to lose a lot of lives. Also you could fix one of the new updates where coins and gems and tickets go away sometimes. Sometimes they don't even go away if you got them from one of the game features. And those features are part of getting coins and gems. What about lucky tickets? And if you have this problem too then just tap until it unlocks then get off for like 5 minutes or so then re-open the game. That usually fixes it. Also please fix the issue with the ticket counter. I don't know what it is but I've been watching a lot of videos and forums and they say that if your game is running slow then you should get rid of the "Greatest Hits" feature but you don't get any more coins or like any more credit for using that feature. It's just a wasted ability.",
