Good game but... by 1-2-3! on 2021/12/22 00:18 I really like this game. It allows you to come back to it later with a new board of squares that have a set pattern. In this case, all the white squares are filled in and you have to find all the words that fit in the pattern. It's really fun, although sometimes confusing as you try and decipher what is or is not a word. The only complaint I would have is there are SO many ads. They are annoying and it takes away from the flow of the game. They are also very small.",

The second group of "card packs" was released on August 24, 2021. These card packs were formerly available through a special offer for 25% off the base price. These cards could be purchased in sets of a single character or eight characters. Each set includes six exclusive cards and two bonus cards that are usable in both games (PC and mobile). It is currently possible to collect all twelve free bonus cards if all four character packs are purchased individually after "Coins & Curses 2" is released on PC platforms.",

"This is one of my favorite games because of the different levels and how easily it takes all my free time. It would be cool if there were different games you could play with friends online and offline. This game has so much potential, but in its current state I can only say this about the game...
"It had promise."",

"I love this game because anyone can play it, anytime, anywhere. But I just don't quite understand how they are trying to make money. You have these extra lives you win from watching videos or playing other games, but they are not enough unless you spend your actual lives on them through in-app purchases or by downloading another game that requires real money. I would give this game five stars except for the fact that I feel like there's a lot of potential wasted on how they are trying to make money. Hopefully the developers will change their ways. I would love to give this game five stars because the graphics are good, and it is entertaining."",
