In Coin master game, we are able to get three chances every round which will make this an exciting yet challenging experience for players of all levels! The rules are simple: 1) Start or join an existing chain with two coins in it (a small number). 2) When you have a chance to flip, flip your coin to make it land heads or tails. 3) If you flip your coin and it lands on heads, your chain will add one more coin. If you flip your coin and it lands on tails, your chain will end with a space in between. 4) Keep flipping until the chain is empty or done! There are even leaderboards where we can view other players' statistics. Simply start a new game, then enter your name, and your stats will be added to the online leaderboard. Your score will consist of the number of chains, the longest chain number, how many times you've ended a chain by flipping heads or tails, and how many flips you've completed.",
