The game has been featured by Apple, Google Play and the App Store in multiple regions to promote its release. The mobile version of the game was the "App of the Day" on December 17, 2015 in South American countries, including Argentina, Brazil and Paraguay as well as being featured as a free app in Belgium for two days in April 2016.",

Good game but... by 1-2-3! on 2016/12/22 00:18 I really like this game. It allows you to come back to it later with a new board of squares that have a set pattern. In this case, all the white squares are filled in and you have to find all the words that fit in the pattern. It's really fun, although sometimes confusing as you try and decipher what is or is not a word. The only complaint I would have is there are SO many ads. They are annoying and it takes away from the flow of the game. They are also very small.",

A sequel to the "Coin Master" series was announced in 2013 titled Coin Master: Space Invaders "(Kasegi 3: Aratanaru Jettsuu)", previously known as "Coin Master 2." This sequel, which would feature the original coin-collecting gameplay, was originally scheduled to be released on April 27, 2014. However, it was released on July 2, 2014.",

In January 2016 Moon Active announced that they had signed an agreement with Samsung to develop their tablet version for release in Q4 2016. The game is titled "Coin Master 2" and will be released for Android devices. It will include cards, strategy and RPG elements and will use the Samsung GearVR virtual reality headset as well. The game was removed from the Google Play Store on July 29, 2016 however.",

"Coin Master: Poke Map" is a spin-off title created by United Pixelworkers (UPI) released on March 10, 2018 on iOS devices only. The game allows the user to use live location tracking as they play on their iPhone. The newspaper titled "Coins & Curses Adventure" which is about "Coins & Curses Adventures" can be accessed by tapping on the mailbox icon in the corner of the main menu cover page.",
