Great App by Jack'sMommy on 2013/10/27 20:09 I love playing this game. The only problem is that sometimes the time runs out before I get a chance to choose all the words I can find. Maybe you could add a more relaxed mode where you don't have to worry about time, just play until you've found all the words in the puzzle. Other than that, it's a great game!",

"Coin Master" was chosen as a finalist for Best Mobile Game in the 2015 Independent Games Festival Awards under categories of Strategy/Tactics, Casual, and Family. At E3 2015 Moon Active were nominated for Best Mobile Game by the Academy of Interactive Arts & Sciences (AIAS) for their work on "Coin Master".",

The game's objective revolves around collecting coin cards for use in quests with matches to earn rewards and spin a slot machine that can lead to bonus levels, cards, or extra items in the form of coins or boosts.",

Great game but... by katiebean22 on 2018/03/01 16:32 The game is fun and addictive and I have lost count of the amount of hours I've played it but there are some major issues that need to be fixed. One is the chat room. Whenever I go into a chat room full of people I usually just spam my messages out hoping to get somewhere with one person. Well, I've gotten to the point that the majority of these people don't even respond. It's ridiculous that you have to wait for them to catch up with you in order for them to chat. Another major issue is the items. You see a lot of people wanting certain items but they aren't actually available anymore. One example is a spell that costs 1000 gold coins and only gives you one use and it doesn't replenish every time you win a battle. Lastly, there are a lot of glitches happening when I play the game. Sometimes my troops disappear for no reason and sometimes I lose all my troops even though I am still making moves on the board and it gets old really fast. I would rate the game a 5 but these major issues need to be fixed.",

In March 2017 Moon Active announced that a version of Coin Master was available for download on the Samsung Gear VR virtual reality headset. This version of the game was developed in partnership with Samsung and is based on their hardware (Samsung Galaxy). The game's description states that it is a "virtual reality experience" and that it allows users to "take full control of the adventure".",
