Community: Roblox has an active community of players. A group of these players have joined together to create a group called ROBLOX Users as Leaders, or RUL. This group has made several YouTube videos on what they expect the future of ROBLOX to be. For example, there was a video on RO-NT (Roblox On New Technology) which was released in 2013. The main purpose of this is to improve ROBLOX so that it can match the technological advances that have been made since 2012, including 3D technology and mobile platforms, such as Android and iOS.
