In 2018, the company announced that they would be adding new measures in an attempt to stop children from getting weapons and access to violent themes. On February 16th, 2018, ROBLOX's main Twitter account was hacked by a group that goes by the name "RIP Roblox." This prompted some users to make spam on the forums. The group also hacked ROBLOX's official Twitch page. They claimed to be doing this because they found a security glitch that allows them to bypass site security and touch other people's accounts to steal their virtual currency.[19] They later stated that they were done with their attack and did not release the method of how they were able to bypass ROBLOX's security, as ROBLOX did not provide them with any compensation.

One of the reasons why free robux users are falling victim of hacking and account deletion is because they let their friends know that they have free robux promo codes. They share these codes and often forget the fact that they should never ever share any information that could possibly help someone hack or delete your Roblox account. If you feel like you would like to tell a friend about this, but just do it privately, just make sure to use some sort of security when checking the inbox for messages. You should also make sure that you do not use the same username or password on any other website or accounts.
