Awesome game by hhsnbhbg on 2017/10/09 18:52 I have many fun and exciting games, but this one is my favorite. This game is very fun and creative, and there are so many ways to play it. It is hard because there are so many different types of games you can play, but overall this game is really fun. I love it a lot, and i am addicted to it. The games are very interesting and the graphics are awesome too!",

Great game - one issue by nathaniel lewis on 2013/09/19 02:08 This is a great game, the puzzles are challenging, and the controls are very clean. My only problem is that when playing through the puzzles you occasionally need to hit a certain combination of tiles to continue. The problem is that those combos vary from level to level depending on your progress, so I end up having to restart my phone if i want to get back into the puzzle where I left off. A little frustrating, but still a great game.",
