Puzzle, puzzle, and more puzzles by MrMister22 on 2017/09/21 12:07 This app is one of the best I've played. I really enjoy playing this app. It's a game you can play anywhere so if your bored or at home on a rainy day this is a good app to get you entertained or even if you're commuting on a bus or train. You should download the game because it's fun and really addicting at times. I've played this game for about two years and I have to say it's really grown on me.",

Coin master game is another fun and entertaining online game that will allow you to play in your spare time. This online game is very similar to 2048, but with a unique twist to it. It's a coin-flipping game, where the next turn can be the start of another new chain! If you love crossing your fingers and hoping for good luck, then this is the perfect online game for you. In Coin master game, we are able to get three chances every round which will make this an exciting yet challenging experience for players of all levels!",

Good game but glitches by lokeylove on 2019/03/12 15:52 I love this game it's very entertaining and fun! However, there are a couple things that I would like to see changed. One being the chat in the game. Whenever I'm in it, all I hear is people asking each other for gifts or sending each other back-and-forth gifting requests which is very annoying. I also have to say that the bugs are pretty severe. For example, I had a chat with another player, which I was supposed to be able to skip, however it turned out that you just have to wait for her. Sometimes when the game glitches during your turn, a few opponents can attack you at the same time and you will lose all your troops while still being on "your" move. Basically, it's very annoying.",
