ROBLOX has created a number of recurring events over the years. On October 23, 2012 Robotcrab had announced a new way for Roblox users to make money by selling virtual items in the Roblox catalog: the "Builders Club". Players use Roblox's in-game currency, called ROBUX, to purchase items which they can sell to other players.

Rated 4 out of 5 by Anonymous from Awesome It's an awesome game and I like how you can make your own games on ROBLOX! Rated 3 out of 5 by Anonymous from It's alright I really like playing roblox. The only thing I don't like about it is that you have to pay for a lot of things. Rated 2 out of 5 by Anonymous from Worthless the only thing this app is good for is getting annoying ads Rated 1 out of 5 by Anonymous from This app should be deleted It has alot of ads and it doesnt let me play any games. I've tried to pay for it but I have to pay for al of the games.

There are a number of settings in your account that can be changed, including your e-mail address, password, birthday, username, and the overall look of your account. You can also add a picture or video to your profile. However, you cannot change the color of your name (unless you join up for a Builders Club subscription), nor the overall color scheme. ROBLOX offers ten different color schemes that players can choose from; these include Gold, Green, Blue, Black & Red and many more. Due to the nature of ROBLOX's game engine, players need to be able to manipulate various graphical elements by using the in-game tools provided by ROBLOX. These tools include resizing, rotating, and moving various objects and creating texture maps. It can be used in the creation of 3D games, but the game must be made using a 2D game maker such as Game Maker or Flash itself.

In ROBLOX, you can unlock the most exclusive gear by getting it directly in-game with a single purchase of ROBUX! But no one has ever figured out how to get it from outside the game! This is because all of the ROBUX you buy in game are for virtual currencies and have absolutely no real-world value. Whether you're a player or an admin, this is a secret worth keeping.

They're clearly taking steps in this direction by creating special perks, abilities, etcetera for those who have purchased robux from them. They're also creating clothing items which are being sold for outrageous prices with the sole purpose of being able to differentiate those who pay from those who don't in their game. This is wrong. It's unethical and it should not be tolerated.
