Roblox has been criticized for an update they released in February 2018 that added "tattoos" to their avatars. The update was scheduled to be released on November 1, 2017, but it was delayed and finally released on February 5, 2018. This caused some users to report that they had tattoos on their avatar even though they never wanted them.

As of 2015, ROBLOX does not require end-users to use their own search engine to find games.[18] This is bad as some users search for objects such as skins and items instead of games. This can lead to confusion because they may get a game search that directs them to user's profiles instead.

On February 11, 2017, ROBLOX announced that they would be suing the website of DinoGaming Network for copyright infringement.[5] It was revealed that DinoGaming Network was using ROBLOX models with permission from their owners. However, DinoGaming's policy on asking for permission to use a model is so loose that any user could have given them permission without knowing it. On March 7th, 2016 the lawsuit ended with a settlement and \$7,500 awarded to ROBLOX. [6]

14. The only way to get a game on Roblox or get updates onto a game is through requesting it by going to the developers profile on Roblox and requesting the game, as well as getting the updates, and other stuff that goes on within the platform. 15. When people talk about games that do not function properly or have glitches within them, they should not be punished or reported because it's not their fault that there are glitches within the game. 16. Instead of banning them, developers should be able to fix these glitches without getting banned. 17. People always say that Roblox is not a safe place for kids to go on but it's a safe place for kids to play and enjoy free games because all the games are fun and most of them don't have any inappropriate content. 18. I love Roblox so much! I will never ever stop using it...

This method is very easy to use, and it also comes with a novice-friendly setup as well. In my opinion, this is one of the best ways anyone can use in order to get free robux on roblox in a very short amount of time without spending any money.
