Hacking Roblox is not only limited to hacking a person's account by using someone else's information. There are also methods of hacking Roblox accounts that do not involve stealing another person's information. One of the more simple ways of hacking Roblox accounts is through DDoS attacks. An attacker uses a botnet and sends out requests for data on the target's server, causing it to become overwhelmed and crash. This can be done to any website, including Roblox.

Roblox has been accused of neglecting its staff and failing to offer development positions to its employees because its staff is almost entirely composed of white males, even though Roblox's community has been growing in diversity for years.

In Roblox, players can create an avatar in whatever shape, form, or color they wish (as long as it's not offensive). But before they can do so, they must choose from a variety of different body parts, heads, legs, arms, etc. There are also many different hairstyles to choose from. There is a large variety of clothing options to choose from, each with its own effect.

Rated 5 out of 5 by Anonymous from It is very fun! I love this game and will forever. I have a lot of friends that play ROBLOX so we play ROBLOX together. But we also make our own games in ROBLOX STUDIO so me and my friends can play them together to see who wins! Other than that, you just have fun on ROBLOX and get to know people a little bit better. I really love it! I think you should try it out! You can make a game on ROBLOX STUDIO which is super fun.

In December 2011, a lawsuit was filed against Roblox for copyright infringement, in which ROBLOX is accused of copying the entire codebase and game assets of "Infinity: The Quest to the End of the Universe". A cease and desist was also filed against ROBLOX in September 2012 by a head developer from the website Games Done Quick for using their copyrighted content without permission.
