Roblox has been criticized in the past for not having any real-life weapons or vehicles because everything is made of blocks and visual effects.[58] However, ROBLOX has announced that they will be adding weapons and vehicles to the game soon.[59] They later went back on this statement by saying they would only add 3 weapons/vehicles at this time.

There are some games that can give you more Robux randomly. But the chances of a good game giving you much more than what you're supposed to receive are very slim because the online game developers save these gifts for popular games.

I have always had problems with this game and there are many other people who do too. Like the fact that you can't change your name when your in a group with a lot of people and it makes me very mad when I can't change it because I feel like I am stuck with the name that I have. This also happens when one of my friends gets on my head and they change their name to a bad word which makes me really mad because if someone else was in the group with us then they would be able to see that bad word in big letters. It also makes me mad for a different reason because I really like my name. Anyway, I hope these bugs get fixed in ROBLOX or the next update of ROBLOX.

19. The only real problem with roblox is that there is no way to make a person get out of the main menu like one can on minecraft. 20. I love Roblox! I am getting a new headset for my new laptop and I'm so excited! This is the only game that my parents are okay with me playing. They know how to work it and are able to keep an eye on my account. It's safe. 21. Funny

On June 26, 2012 (4:00 PM), ROBLOX released a new website design. The new design was made with a goal to have access to the latest news, showcase new games, and improve features in the forums.
