Good game but glitches by lokeyloveey on 2019/03/12 15:52 I love this game it's very entertaining and fun! However, there are a couple things that I would like to see changed. One being the chat in the game. Whenever I'm in it, all I hear is people asking each other for gifts or sending each other back-and-forth gifting requests which is very annoying. I also have to say that the bugs are pretty severe. For example, I had a chat with another player, which I was supposed to be able to skip, however it turned out that you just have to wait for her. Sometimes when the game glitches during your turn, a few opponents can attack you at the same time and you will lose all your troops while still being on "your" move. Basically, it's very annoying",

On July 30th, 2017 version 1.0.29 was released for iOS and Android devices including gameplay updates and bug fixes. The game has been featured in multiple media publications, including: A number of real-world cards are used as the game's currency. Those cards include: In addition to the above, Mike Miller has also mentioned that there may be a coin card due to popular demand. The developers have stated that they would be open to "extend the universe" of "Coin Master" with another game in the future if interest and support were shown from fans of the original",
