ROBLOX classifies its users as members in its Terms of Use. As a member, ROBLOX reserves the right to collect and share personal information, including member account data, e-mail addresses for communication with users such as surveys, notices about the service or changes to the Terms of Use or Privacy Policy, etc., IP addresses and cookies.[2] According to their Privacy Policy, ROBLOX may disclose personal information such as member account data to third parties in order to comply with legal obligations or prevent any illegal activity.

In 2009, coinciding with their tenth anniversary, the company announced that it would be opening a second office in Europe, with partners located in London and Manchester who would "proudly represent" their games on the continent.

On October 8, 2017, they released a video showing large amounts of bugs and glitches in the game Frostbite. These include several bugs that allow for players to place guns and kill other players in mere seconds. ROBLOX said on their blog that this was due to an "incorrectly prepared prize package" but later stated that it was an error during a new update of their "Prototype Editor", which was supposed to have fixed the issues, but evidently did not.

On July 8, 2013 (3:00 PM), ROBLOX released a new website design. The old design was getting outdated and had many bugs that prevented users from accessing all of their content. This redesign changed everything to make it easier for everyone. Other improvements include simplified forum viewing/posting, improved chat system, improved site-searching/navigation, and improved ability to manage groups and groups permissions.

Rated 3 out of 5 by Anonymous from Fun Originally got a free trial so I could make my own story but I can't access it now and don't know how to get back in, other than that its a great game with lots of fun to play and its really cheap
