On November 7, 2017, Roblox released their first real let's play channel, but it only lasted a couple of months before Roblox cancelled its plans for let's play channels. It stars RandomPlayer as he plays a wide variety of games on ROBLOX, including many popular games such as Angry Birds and Zombieland.

One great option is to use your own money to buy robux. This may not seem like an appealing idea at first, but it can provide you with a lot of benefits that are easy to obtain. If you have extra money on your hands, then you should definitely consider investing in robux. Once you have collected enough virtual currency, stop using it and wait for the value of robux to increase over time. With the amount of time that passes by each day, you will see a good return on investment within a few months.

On May 21, 2010, ROBLOX launched its second virtual item, the Accessory Shop. This shop is available only to ROBLOX VIP members and is only accessible by those with a valid VIP membership code. The Accessory Shop was later renamed to the Vault in 2011 before completely changing its name to the Catalog in 2016 combined with the construction of the Warehouse Store. It was renamed again on December 20, 2018 as ROBLOX's new virtual store where you can get things like clothing and accessories for your Avatar with other items like hats and shirts which will be available to other players at the same time for legit ways such as purchase or win from contests or similar events.
