On March 13th, 2018 the ROBLOX website was temporarily shut down due to multiple exploits on the site. With over 200 million players this has become one of the biggest DDOS attacks in history. The site came back online about 30 minutes later.

Because the codes were removed, many players are currently trying to figure out how to get free robux without getting scammed. Players who are too young to have an account and/or don't have a credit card can still get free robux by following these steps:

ROBLOX has also been compared to popular game Minecraft. In many ways, they are similar; both games have been developed by one company (Tencent) and are usually sold on the same platform (Windows, OS X, iOS, Android). Another close similarity is that they both have their own in-game currency system. However, Minecraft has a different style of gameplay relating to platforming; while ROBLOX players build and destroy using building blocks, Minecraft players explore a world.

I was also kind of surprised at how far back the game went in time; it was created back in 2005, which I know is quite a long time ago. It's kind of scary how quickly things have changed since then. But though I am young, I thought that Minecraft was always meant for little kids; unlike Roblox, it wasn't purchased by me or my parents, and there were no advertisements present. So my opinion on both games is that they are really great for little kids because they're safe and easy to use. For adults, they are not worth the time. But from what I have heard, and from my own experiences, Roblox is a game that all kindergartners should be playing. It's definitely not recommended for adults or even teenagers.

This is the perfect option if you need to get free robux on roblox right away without having to spend any money. That is the power of this free robux on roblox generator, as you will be able to get free robux on roblox without having to spend any money.
