In late 2015, ROBLOX introduced ChatPads. These ChatPads function like keyboards for players with a webcam. The players can use a webcam to talk with each other as well as guests while playing the game. However, there are no audio chat functions. One feature of the new chatpads is that if you lock your screen when playing game, it will automatically unlock when you tab out from games to bring up your keyboard and chatpad features.

Players try to keep up with others by making and buying new items. It's not always easy to come up with the money to buy items, but thankfully, you can earn robux for free and buy new clothing, accessories, and gear for your avatar.

On February 4, 2016, Roblox announced that all "Spam" accounts would have their control access taken away for 24 hours. This was done following a warning sent out on January 20th.[69] Spam accounts created prior to August 10th 2016, will receive a permanent ban on February 5th.
