One of the reasons why free robux users are falling victim of hacking and account deletion is because they let their friends know that they have free robux promo codes. They share these codes and often forget the fact that they should never ever share any information that could possibly help someone hack or delete your Roblox account. If you feel like you would like to tell a friend about this, but just do it privately, just make sure to use some sort of security when checking the inbox for messages. You should also make sure that you do not use the same username or password on any other website or accounts.

As of February 2018, ROBLOX has over 62 million users. [51] In 2017, ROBLOX added a new currency called "Tix". These Tix are used to buy Tickets at the store; the more you spend, the better prizes you get. These tickets can be spent on exclusive items such as Christmas hats. [52]

Rated 4 out of 5 by Anonymous from Great for kids I love this game because I have good time with my friends. For example, we build houses and race cars. I think the game is fantastic and it helps me to learn better. It's not just for kids because sometimes adults play it too. I love it so much and think other kids should play it.

ROBLOX has been accused of copyright infringement multiple times by numerous people, most notably after the company decided to include music of band Crystal Castles in their popular game The Longest Day.

On December 15th, 2018, ROBLOX announced the end of the open beta for their new trading system. The company removed the ability to trade in-game currency among users and limited users' ability to purchase system currency from outside sources while adding even more security features by requiring cards or other forms of identification before buying virtual currency. The reason for the change was to prevent users from spending too much virtual currency on outside purchases of no value to the user. The system was a success, reducing the rate of fraud.[25]
