All the people who play Roblox have a lot of positive feelings about the game; it's because of this that a lot of people have been telling me that I should get involved with it. I am pretty sure that this is a good idea because I might really benefit from playing the game as well. Since Roblox is constantly being updated, there are many new features that can help me and my friends play together. I also think that it is a great way for me to learn and experience many different things. I really want to get involved with Roblox because I know that it can teach me a lot of things. Also, it is great that I can meet new people online who are my age and like the same things as me.

The "ROBLOX" logo was created by the company's CEO and founder David Baszucki in 1996, when he was originally designing the website's layout before it was launched. He designed the logo to look similar to the word "engine" on a train, as he envisioned ROBLOX to be a playground powered by an online community where users could create virtual worlds. The first iteration of the logo consisted of an orange square that displayed three green horizontal stripes, each separated by a white space. The stripes were arranged in a way that would yield nine pixels when all three were equally spaced. A basic version of the logo was used until 2003.

Roblox offers a tremendous amount of games and features which, once you have played, can easily be overwhelming. If this is the case for you, keep it simple when creating your own roblox games. Choose a theme that is highly in demand right now or create something compatible with the standard ones. A simple game project can be as easy as tapping and holding three fingers on the screen to throw balls of fire at your opponents' faces. Do not worry if no one plays your game, since this will happen when the topic becomes old news among other players.

In January 2015, the official Roblox Studio 2 was released on Steam. It allowed for cross-platform development with Windows 10. However, any existing games made with the previous version (R-Engine) will not work with this new version since it uses a completely different engine.

ROBLOX has an official YouTube channel. The channel shows animated shorts for the popular game "Abobo's Big Adventure". The videos are created by the user SamoDaCar as part of a deal with ROBLOX.[44] The videos are often posted by other YouTube channels that show other parts of ROBLOX games, such as "Meet Youtuber" and "ROBLOX Adventures", where SamoDaCar comments on his channel. There's also a show called "ROBLOX Top Model", which is a spin-off about girls who compete to be the next top model. The show is hosted by user and famous ROBLOX player Xnithie. There are 6 seasons in all, with a total of 35 episodes.[45]
