Roblox has been criticized for the release of their "2018 Summer Update" which featured new clothing items and accessories. The update was released on August 28, 2018, and it caused some of these items to be very hard to find. This resulted in many of Roblox's users spending a lot of money on the platform in order to obtain these new items.

ROBLOX does not allow players below the age of 13 than sign up for an account. This is because of the maturity level that ROBLOX expects all players to have. ROBLOX does not allow users to make profanity in the game and the server does not allow it, however there are many areas on the game and on their website that do, such as chat boxes in games. They have also recently added a filter button which blocks certain words from appearing in chat. This feature was created to block words that appear to be offensive and potentially harmful at times.[42]

There are lots of bugs in this game and we need a way to report them so they can be fixed or can be added into a sticky post. There is not enough room to write here, too much! So what I am going to do is go over the bugs and glitches that are in roblox, then I will tell you how we can get them fixed or changed.

The exploit is rather simple, all you have to do is know how to click fast and know when to stop. This glitch is one of the most common ways that people get robux for free on roblox and it may not be entirely illegal but it can break the rules of roblox's Terms of Service as well as their policies regarding hacking and cheating. The glitch has been patched, but there are other methods of getting robux such as buying them using real money or promoting a game for real money on a site such as Fiverr.

- No clear guidelines as to how the game works. There is no tutorial on how to build things or what some items do.
