Realistic resource packs are a good option for adding in visual elements to your game. They will make the world more realistic and give it an old, natural look that may be pleasing to the eye. Other mods may override this however, so if you want your resource pack to be compatible with other mods, you should check each one before getting them listed on your server as addons.",

In addition to fighting other players there are also wildlife which can attack and kill players in certain areas of the map. The game has several biomes including forest, grassland and desert as well as others which vary in difficulty depending on both the amount and quality of resources available in that area.",

When creating a custom modpack, there are many different things you can do to give your server an extra edge over other servers or creative mode servers. These mods can all be obtained with a simple download, and even if you don't want to create your own modpack for your server, they are all still available. Players can also use these mods on servers that aren't part of the official Minecraft community if you decide to share and give them access to them",
