A spin off title for iOS devices called "Coin Master: Dig Deep" has been released by UPI (United Pixelworkers). On January 10, 2018 GamesBeat published an article that mentioned a new release titled "Coin Master: Poke Map" was being developed by United Pixelworkers for the iPhone. The game is available for iOS devices in beta form as of February 2018 and is free to download from the App Store. This title is an alternate version of "Coin Master" where players can view the world around them (using real location coordinates) and find loot based on their current location within the game. It also includes a newspaper titled "Coins & Curses Adventure" which is about "Coins & Curses Adventures". An article on the website says that the game was created to satisfy the desire of players for a Pokeman Go style experience with "Coin Master: Dig Deep".

In 2016 Moon Active released Coin Master: Space Invaders "(Kasegi 3: Aratanaru Jettsuu)" for iOS as a paid app (it is not available on Android). This "Coin Master" title features an updated version of the popular video game "Space Invaders". The game was released in Japan initially as part of Moon Active's "Coin Masters" series. However, this version of the game was never released outside Japan. This version contains micro transactions that can be removed by paying \$4.99 for an ad-free version. The user review for Coin Master: Space Invaders is composed of 4.5 out of 5 stars (out of 1 vote), with a user rating of 3 out of 5 stars (out of 1 vote).

A version of the game for iOS devices is available to play on the web directly in any compatible browser or through an app that works on PC/Mac or tablet devices. It is also possible to download the mobile version of the game onto iOS or Android devices and play offline. This version includes all of the features that were present in "Coins & Curses 2" which include premium packs, card packs, challenges, AND Cardboard Mode. The PC version has been downloaded over 1 million times since it's initial release in September 2017 and has been downloaded a total of 1.3 million times if both PC and mobile versions are counted together.

Coins by CeceCeceCece on 2018/12/13 16:27 I love this game and have been playing it for years. I have reached a level where there is no more available to play and therefore am unable to make any upgrades for my games such as bakeries. It would be great if some of the higher levels were made available as in the past. It really is frustrating having to keep doing the same things over and over and over and over again without ever reaching new levels or being able to use anything you have won towards buying coins etc. Please let us know when new levels are available. I, for one, am ready to play them. Thank you",

Great app, but... by Anubis_In_Da_Club on 2013/11/27 15:02 I love this game, but I hated the fact that you had to wait a while until you could start another game. It was very frustrating. Overall, it is amazing! It's my favorite game because it's not like every other puzzle word app there is out there.",
