Coin Master was generally received well by reviewers. Some praised the concept, artwork and its ability to provide both entertainment and nostalgia. Joystiq referred to it as a "trippy looking game" in their review. This sentiment was echoed by Gametrailers who referred to it as "unique". Other critics felt it was too similar to other games, especially "Tetris" and its clones, which were described as being overplayed in general.",

The Android version of Coin Master: Puss in Boots "(Kasegi 2: Bukimi no Tane)" can be played both offline and online. This version of the game contains advertisements which can be removed by paying \$2.99 for an ad-free version. This version of the game has been downloaded over 1000 times and has a rating of 4.0 out of 5.0 on the Google Play store.",

Noooooo by Binkybunnykitty1234 on 2017/11/02 15:06 There is wayyyy too many ads in this game. It is so frustrating. I lose my lives because of all the ads. I spend money to get better equipment and try to get more lives but then the app glitches and logs me out. Then I am stuck with only a couple of lives left. Then when I go back on the app, it deletes half of my stuff that I worked hard to get, like levels that took me hours and days to complete. I would not recommend this game to anyone.",

Good game but... by 1-2-3! on 2016/12/22 00:18 I really like this game. It allows you to come back to it later with a new board of squares that have a set pattern. In this case, all the white squares are filled in and you have to find all the words that fit in the pattern. It's really fun, although sometimes confusing as you try and decipher what is or is not a word. The only complaint I would have is there are SO many ads. They are annoying and it takes away from the flow of the game. They are also very small.",

In March 2018 the developers of Coin Master announced plans to expand upon "Coin Master" and other games they had previously worked on. The goal is to develop a wide range of games, focusing on Card-based RPGs, that will be released across a variety of platforms in both Android and iOS formats. They also confirm that they are working on "Coin Master 3", which will be based on the IP for Disney's upcoming animated film "Wreck it Ralph 2".",
