On July 3rd, 2018, ROBLOX announced that they were no longer allowing people to make custom models for their games. Instead, they would be allowing users to build blocky models that could not be edited at all. They stated that this would prevent the creation of custom models and save money by preventing expensive data transfers.[22] The change was made in order to clean up the game because custom models complicates the "Roblox experience" in some cases.

ROBLOX also offers badge packages; however there is no way of transferring badges between games. ROBLOX has other games such as "Roblox Heroes", "Roblox D&D", and "The Guild 2" (releasing on December 14, 2014).

As well, if you are interested in getting free robux without having to spend real money, then this is a really cool option that should be used by all of the players. It will work perfectly without any problems after some time has passed by and that will allow you to have enough free robux so you can buy cool items or invest in some cool weapons.

This is the perfect method for anyone who does not have any technical skills or experience in order to get free robux on roblox. You don't need any technical skills or knowledge, as all you need to do is to follow the instructions that are provided for you. This should be more than enough for anyone out there to get started with!

In 2011 the Roblox company sponsored an event at the Children's Museum of Pittsburgh to raise money for charity (Charity Water). This was called Roblox Builders Club: Project Builder which raised over \$3,000 for charity water.
