The current version of the game contains the following features: On June 3, 2016 Coin Master - Cardboard Mode received an update to implement support for iOS devices which included a new background, shutter glasses, cropping and screen rotation. Along with this came a new Cardboard Mode icon to reflect these changes. This update can be downloaded from both Google Play or directly from Apple's App Store.",

In 2014 Moon Active released Coin Master for Android as a paid app. This version of the game is still completely free to play, but the developer decided to introduce micro transactions and ads in order to monetize their efforts.",

In March 2018, United Pixelworkers announced that in addition to adding new features and content to "Coins & Curses 2" such as a higher level cap and additional cards, they were also working on a PC version of the game titled "Coins & Curses Adventure". This title will be an "RPG style" adventure game based around a similar theme.",

Coins by CeceCeceCece on 2018/12/13 16:27 I love this game and have been playing it for years. I have reached a level where there is no more available to play and therefore am unable to make any upgrades for my games such as bakeries. It would be great if some of the higher levels were made available as in the past. It really is frustrating having to keep doing the same things over and over and over and over again without ever reaching new levels or being able to use anything you have won towards buying coins etc. Please let us know when new levels are available. I, for one, am ready to play them. Thank you",

Great by I'm horrible at this on 2013/01/27 01:34 This app is really fun and addictive, but it has a lot of adds and if anyone knows how to get rid of them or change the amount of them I would be very thankful. Also, I don't care if you have to pay for the in app purchases like some games do, but sometimes it's annoying to see an add when you're almost done with a puzzle.",
