The first 1000 people who pre-ordered the original "Coins & Curses" from United Pixelworkers received special recognition in-game within "Coins & Curses 2". Coins & Curses 2 is currently available on mobile applications and can be played directly in any compatible browser or downloaded through an app for PC/Mac devices and tablets. The game is slated for release on Steam as well as the upcoming Nintendo Switch console sometime in 2019.",

On January 11th, 2018 United Pixelworkers announced via their official website that they had partnered with game publisher Bethesda Softworks to develop a new mobile game based on "The Elder Scrolls V: Skyrim". It is currently in development and will be viewed as a spin-off based on the "Coin Master" and "Coins & Curses" games. It is scheduled for 2019. The trailer was later released via Bethesda's official YouTube channel on February 12th, 2018.",

Collectors can customize their individual level progression through quests, tournaments, and collections to make their way from Novice Player all the way up to Expert Collector status. Players have access to four different quest types: Fish, Card, Star, and Coin. Players have the opportunity to win rewards such as coins, cards and boosters, which can be collected through collecting cards or completing quests. The greater the number of stars earned in a quest the better the card will be in game play.",

Coin Master is also available for Windows Phone 8 devices. The game can be downloaded directly from Windows Phone/Windows Store or from the official Google Play store. The classic Cardboard Mode was created by Andreas Förstl for both iOS and Android devices including but not limited to iPod Touch, iPad & iPhone. It was inspired by various arcade games that would allow players to play with their own heads as a reference. Cardboard Mode was released as a premium in-app purchase for "Coin Master" and was available for Android devices on Google Play on August 14, 2015. The iOS version of the app has been removed from the App Store.",

Good game but... by 1-2-3! on 2016/12/22 00:18 I really like this game. It allows you to come back to it later with a new board of squares that have a set pattern. In this case, all the white squares are filled in and you have to find all the words that fit in the pattern. It's really fun, although sometimes confusing as you try and decipher what is or is not a word. The only complaint I would have is there are SO many ads. They are annoying and it takes away from the flow of the game. They are also very small.",
