On January 2nd, 2021, Studio 2.0 was released to the public.[92] On January 7th 2021, ROBLOX announced that they would be releasing a more complex version of this feature in the near future. On January 16th 2021, ROBLOX released "Studio 2.1" which contained many minor fixes and new improvements.[93] On January 20th 2021, ROBLOX announced a new script where users can use to test their games if they have any performance issues. They also stated that there has been complaints about laggy games on their website that causes players to lose interest in playing them.[94]

They say content is king, and this statement could not be more accurate for Roblox. Why? Because on Roblox, players are able to make their own games within the game itself! These games are called "games" or "sims," and they can be accessed from a GUI called "The Catalog." There are tons of free games that players have created and uploaded for others to play. In order to play these games, you have to purchase them using free robux. You can also make your own game and make it either free for others to play or charge for everyone else to play.

My parents really like Roblox and they think it's a great way for me to make friends. They think it's good that I'm able to talk to other people online, meet new people and talk to them offline as well. The game is very social, so they like it because I've made many great friends through playing Roblox. I really enjoy Roblox because it has helped me develop a lot of social skills, and it's also a game where you get to meet new people from all around the world. I will continue playing roblox because it gives me the opportunity to have fun and make new friends.

On September 10th, 2021, Roblox introduced a new 'Creative' game mode. It is an improved version of the current 'Build' mode where there are more blocks to build with and the ability to save your progress at any time.[105]

On January 1st 2021, ROBLOX released a new core version update for their engine. They are now using a new source engine called "Bloxlet" and integrated a new built-in physics engine into the game. This feature will allow users to play in one of three different modes: Classic ROBLOX

mode which uses the older physics system from ROBLOX, Bloxlet mode which uses the new physics system in ROBLOX 2.0 and fixed bugs, and Customized mode which allows players to customize their own physics setting. This update was expected to start being released in-game on January 15th 2021.[101] This release ended up having some bugs which caused users to get stuck in the game and crashes.[102] However an update was released a few days later, which fixed most of the bugs and added more control for players to customize their suitable physics settings.
